Registry of Interests

2019-05-29

Background

This Registry of Interests is an explicit statement of interests held by members of the Universal Acceptance Steering Group (UASG) Coordination Group. The UASG Coordination Group is the governing body of the UASG and is responsible for its activities, budget and authorisation of spending.

This Registry of Interest is aimed to make explicitly clear any possible conflicts of interests, direct or indirect, that a member of the Coordination Group may have.

Should there be a conflict of interest or potential conflict of interest, then the participant in the UASG Coordination Group will excuse themselves from all discussions and decisions related to the topic.
